AD MATERIAL REQUIREMENTS*

1. Electronic files are to be sent in Macintosh format only. Accepted programs include QuarkXpress 6.5, Adobe Photoshop, Adobe Illustrator & Adobe InDesign. Include all postscript and screen fonts. Include all images as EPS, JPEG or TIFF in high resolution (at least 300 dpi at 100%) in CMYK. If files are not provided as CMYK, we will be forced to convert the color and we cannot guarantee an exact match of color on press. PDF/X-1a files are preferred.
 2. A color proof must accompany ad for all formats; otherwise, HCP/Aboard Publishing will not accept liability for files that do not print correctly.*
 3. Live material not intended to bleed must be kept at least 3/8" from all sides to allow for trim.
 4. Double page spreads: Perfect alignment of type or design across gutter of two facing pages is not guaranteed. Live matter in facing page subject cannot be closer than 1/8" to gutter.
- * If a high-quality color proof / Matchprint such as Kodak Approvals or Epson (or similar analog proofs with a color control bar) is not provided, then we cannot guarantee color. Please note that all proofs must be made according to SWOP standards. Proofs that do not meet these criteria cannot be used for color matching.
